New in February

Have you tried The Drifter yet? Think a fully sandwiched patty melt. How about our straight-up tasty quesadilla? And did I mention deep-fried house pickle chips? We recently changed up The Comet food menu, and we think you'll like our additions.

Enjoy The Comet from home!

Hankering for a Comet pizza but aren't in the mood to venture out? Just press a few buttons and, like magic, that pizza is outside your door! Ordering from our website <http://www.cometpubandlanes.com/> or facebook page is easy, and you can even get a six pack of beer to go with your meal if you pick it up yourself.

Current Specials

Wed, Thurs, Fri	3 games & shoes	\$10/person
Wed	Nachos & A Pint	\$10

Coming soon:

The return of \$2 Tuesdays! The Comet will soon be open from 5:00 – 11:00 PM. With the lack of open lanes on Wed and Thurs league nights, we want to make sure folks can get their casual bowling in during the week.

League News

Winter Leagues are underway, including a new twist this season – each week we'll recognize a team in each league as **Team-of-the-Week**. That team will guide the musical playlist for the night, and receive a pitcher of Tropicalia IPA and a large pizza, care of league sponsor *Creature Comforts Brewing Co.* Want to get in on the fun? Summer leagues will begin in early June.

As usual, let Uri know if you have any questions about leagues – uri@cometpubandlanes.com.

Winter thoughts

Georgia winters are funny. Lots of springtime false alarms, and always the possibility of the late season snowstorm. We all look forward to warmer weather and outdoor living, especially with the added restrictions we live with these days. At The Comet, we are anxious to be done with pandemic life, but we're heeding public health professionals when it comes to the precautionary practices in public places, especially indoors. In the not-

too-distant future, we'll be able to gather, socialize, celebrate, and bowl without health worries, but in the meantime let's stay the course with doing the things that reduce transmission and minimize the risk to ourselves and each other. For us, that means 50% reduced capacity, mandatory masks when not on lanes, frequent sanitizing sweeps, and a weekly employee testing regimen. Thank you for your cooperation and understanding, as we truly are in this together.

Cheers, peace, and be well.
