Welcome to The Comet Newsletter #6!

We are looking forward at The Comet. As more and more folks get vaccinated and the infection rate continues to drop, we'll gradually begin expanding capacity and hours. At the same time, we plan to maintain some basic health precautions through the summer. These include: 1) **Masks still required when not at your lane or seated at a table.** 2) **Lane areas are sanitized before rented to each new party.** 3) **Social-distancing encouraged whenever possible, including waiting for adjacent bowlers to leave approach area before stepping up to bowl.**

New in May

- Starting Friday, May 14th, all lanes from 20 to 32 will be available for rent without buffer lanes separating parties. Groups requesting 2 or more lanes will be assigned adjacent lanes, without buffer lanes in between. We will

continue to rent only even-numbered lanes from 2 – 18.

- Our updated food menu debuts Tuesday May 18th. We're excited to offer some great new items among our long time favorites, including some creative specialty pizzas and mouth-watering sandwich options.
- Also debuting May 18th, a fresh cocktail menu! Expect a mix of familiar favorites with a few new-fangled creations to sample (preferably not in one sitting).

League News

Only one week left in the Winter League season! So exciting! **Sign-up for summer league begins on the 12th and 13th of May for current teams, and will open up to others the following week.** We'll announce details about summer league early next week – thanks to all who participated in the surveys, by the way. Then, on Wednesday 5/19 at 7:30, the top four teams from each league will participate in a playoff tournament

for ultimate winter league bragging rights, the inaugural Comet League Throwdown Tournament (final title TBD).

Want to get in on the fun? Summer leagues will begin in early June. As usual, let Uri know if you have any questions about leagues – uri@cometpubandlanes.com.

On the horizon . . .

Here's our plan: Easy access to vaccines encourages lots more people to get pricked, the virus is starved of vulnerable human hosts, and "carefree" living, including bowling, makes a big comeback!

Also part of our plan: we're going to gradually relax some of the precautions we've employed since reopening in September, while maintaining others that will still help stop the spread. As I wrote above, The Comet will still require everyone to wear a mask until they arrive at their lane or are seated at a table – thanks for your continued cooperation! We've tried to walk the line between outright fun and strict precautions throughout the past several months, and as conditions improve we're redrawing that line, incrementally.

Thanks for your understanding, and, once again, thanks to our incredible staff for soldiering on through this crazy mess of a year (plus a few months)!

Cheers, peace, and be well.
